

Company Profile

www.bibhutisolutions.com

Introduction

Bibhuti Solutions is built upon a foundation of expertise gained from handling a multitude of large-scale events and fairs. We specialize in meticulously planning and executing highly successful product launch events. Our extensive network of teams and joint ventures is strengthened by our longstanding relationships with exceptional vendors and fabricators. From streamlining event registrations and lead collections to leveraging IT-based follow-up mechanisms,

we employ cutting-edge solutions that ensure a seamless and efficient process. Over the years, we have proudly facilitated the participation of numerous firms and products in a wide range of events and trade shows. At Bibhuti Solutions, our team of seasoned professionals in the fields of Marketing and Communication brings more than a decade of experience to the table, ensuring that every project receives the utmost care and attention to detail.

Salient Features:

Following are the salient features of the company that any company getting associated with would benefit from:

Handful of experience in handling large events and fairs

Successful planning and organization of Product Launch Events

Wide network of teams and joint ventures with profound vendors and fabricators

Industry-standard, research-oriented approaches for integrating innovation and technology

Facilitated participation of 100+ firms and products during various events and trade shows

Dedicated team and managers for event planning and activation of marketing strategies

Our **Services**

At Bibhuti Solutions, we provide comprehensive event management and marketing services. From concept development to flawless execution, our expertise spans product launch events, event registration, lead collection, post-event data analysis, and IT-based follow-up mechanisms. With a focus on innovation and attention to detail, we deliver exceptional results for our clients.

Our services are categorized based on different areas to ensure a targeted approach:

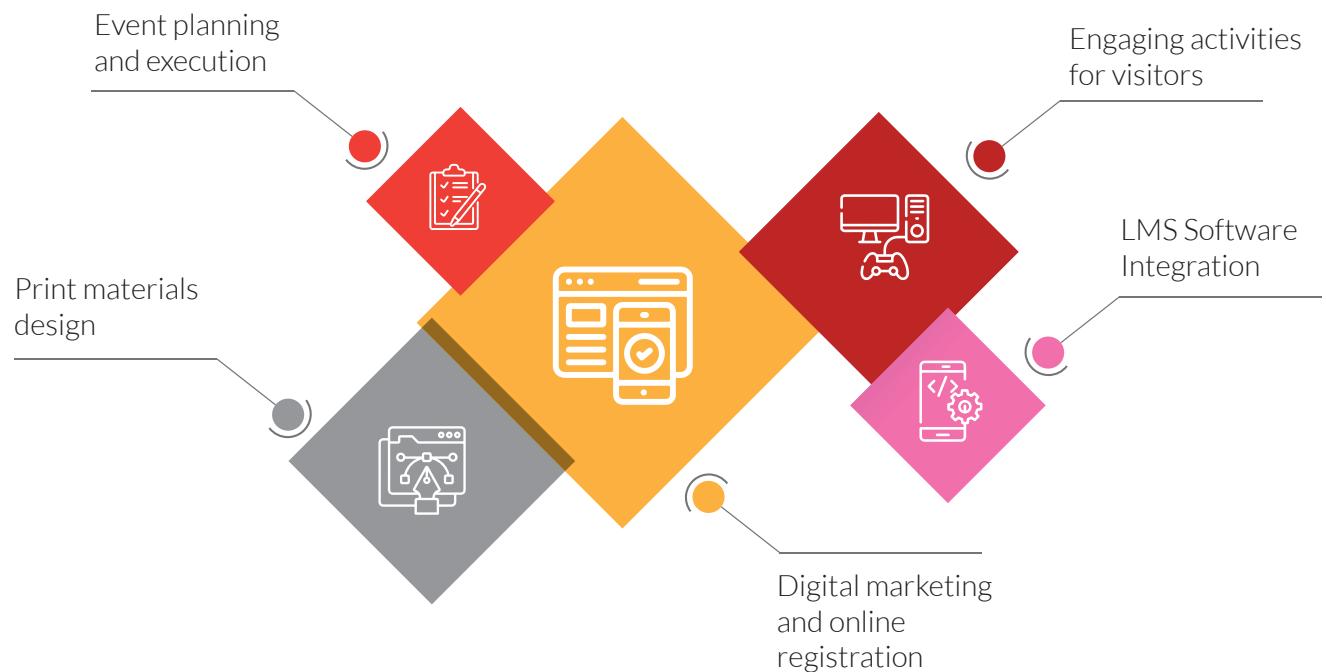

Our **Expertise**

Our expertise encompasses a wide range of services related to event planning and execution. We excel in creating comprehensive event plans and organizing engaging activities that enhance attendee participation and interaction. Additionally, we offer stationery design and print support, ensuring that your event materials reflect your brand and message effectively. Our team is also skilled in developing innovative ideas

for digital registration and lead generation, utilizing cutting-edge technologies to maximize attendee engagement and capture valuable data. Furthermore, we specialize in integrating LMS software, enabling seamless training and educational programs for your organization. With our diverse range of services, we are dedicated to delivering exceptional event experiences and helping our clients achieve their objectives.
